22. STUDENTS WHOSE FIRST LANGUAGE IS NOT ENGLISH

In the majority of cases the primary language of instruction at Saint Mary's University is English. Therefore, students for whom English is not their first language and who do not have the facility to communicate well, both verbally and in writing, are strongly encouraged to register for English language training (https://www.smu.ca/tlc/learn-english.html) prior to registering in their academic program at the University.
