

## **33. UNIVERSITY RESEARCH ETHICS BOARD (REB)**

---

It is the responsibility of all members of the University community - students, faculty, administrators, and staff - carrying out research involving human subjects to seek approval from the University Research Ethics Board (REB) for their research. Student submissions to the REB should be made through the thesis supervisor. For further information, please consult the REB website: <http://www.smu.ca/research/research-ethics-board.html>.
